INFORMATION LETTER
International scientific and practical conference
"EDUCATION AND SCIENCE OF KAZAKHSTAN:
NEW REALITIES AND CHALLENGES"
(Kyzylorda, December 14, 2021)

We invite you to take part in the International Scientific and Practical Conference **"Education and Science of Kazakhstan: new realities and challenges"** dedicated to the 30th anniversary of Independence of the Republic of Kazakhstan.

The purpose of the conference is to discuss current problems and trends in the development of education and science in the context of new challenges.

Researchers, practitioners, managers, teachers, scientists, Phd students and masters' students from domestic, and foreign universities and scientific organizations are invited to participate in the conference. The conference program includes a plenary session and work in sections. The detailed program of the conference will be formed and sent to the participants of the conference at the end of receiving applications and reports.

The conference materials are planned to be published in publications indexed in the sciento metric database "Scopus".

You can pay the registration fee before posting the article in the publications of the Scopus database. The amount of the registration fee will be announced additionally. Several articles/abstracts can be accepted from one author, subject to the conditions for submitting individual applications. The Editorial Committee of the conference reserves the right to select authors and articles.

Materials are accepted until December 1, 2021.

Place and time of the conference:

The plenary session will be held on December 14, 2021 at the Palace of Students at 67 I.Zhakhaev str., Kyzylorda.

Forms and conditions of participation in the conference:

Conference language: Kazakh, Russian, English.

Participation in the conference is allowed in the following forms:

offline: presentation, poster presentation, participation in
the discussion of reports, discussions;

online: presentation, publication of a scientific article.

The participants of the conference are sent a certificate of participation and a collection of materials in electronic form.

The procedure for submitting applications for participation in the conference and registration of participants:

To participate in the conference, it is necessary to submit an application for participation in electronic form to the organizing committee by December 1, 2021:

To the Secretary of section 1 - **"Higher and postgraduate education in a pandemic: realities and new guidelines"** - Saktaganova Nargul Amanovna, e-mail: amanovna.75@mail.ru

To the secretary of section 2 - **"Scientific and innovative activity of the university: modern solutions and trends"** - Abuova Nabat Auelbekovna, e-mail: nabat_71@mail.ru

To the Secretary of section 3 - **"Humanitarian modernization and human development: values and priorities"** - Saparkyzy Zhannat, e-mail: 793@mail.ru

The participant's application (Application № 1) and the abstract of the report or scientific article (The authors' Guide to the design of manuscripts Appendix No. 2) are attached to the letter in the form of attached files, the name of which should contain: the section number and the surname of the participant in Kazakh, Russian or English (example: "2. Asanov.application.doc", "2.Asanov.доклад.doc ", "2. Asanov. статья.doc ").

Arrival time in Kyzylorda	
Departure time from Kyzylorda	
Need to book a hotel: yes/no	
Additional requests	

Filling in the fields of sections 1-3 is mandatory.

Application 2

Requirements for articles:

The author (s) can send an article through the online article submission system on the website vestnik.korkyt.kz, using a special instruction (and also, additionally, articles are accepted via e-mail khabarshy@korkyt.kz). The article should be written in Word format in Times New Roman font. Publication languages - Kazakh, Russian, English.

1. The length of the article should not exceed 8 pages (from 6 pages).

2. The layout of the article (page - A 4, book orientation, marginsfor the left side, top and bottom - 2.5 cm, for the right - 2.0 cm. Font: type - Times New Roman, size - 12):

- MRNTI - *first line, from left (http://grnti.ru)*

- Article Title - *Center Alignment in Bold*

- Initials and name of author (s) - *center alignment (11-font)*

- Full name of the organization, city, country (if authors work in different organizations, it is necessary to put the same icon near the name of the author and the corresponding organization) - *center alignment, italics (11-font)*

- Annotation (150-300 words; maintaining the structure of the article) in Kazakh, Russian and English, size - *(11-font).*

- Keywords (3-5 words/phrases) in Kazakh, Russian and English, size - *(11-font).*

- Main part*(line spacing - 1, indentation (red line)- 1.25 cm., alignment - by width)* of the article should contain *(12-font)*:

1) introduction: justification of topic selection; relevance of topic or problem, definition of object, subject, goals, tasks, methods, approaches, hypothesis and value of work.

2) literature review**:** the fundamental and new works on the researched subject of foreign authors in English, analysis of these works in terms of their scientific contribution, as well as gaps in the study, which you supplement in your article, should be covered. It is unacceptable to have many references that are not related to the work, or inappropriate judgments about own achievements, references to previous works.

3) material and methods of research: should consist of a description of materials and progress of work, as well as a complete description of the methods used. This section describes how the problem was studied: detailed information without repeating previously published established procedures; identification of equipment (software) and description of materials should be used, with mandatory introduction of novelty when using materials and methods. Tables, figures must be placed after their mention. Each illustration should be followed by an inscription *(size - 11).* Figures must be clear, clean and unscanned. Only formulas referred to in the text are numbered in the article. All abbreviations, with the exception of the well-known ones, must be decrypted in its first usage in the text. In the text, references are indicated in square brackets. References should be numbered strictly in order of reference in the text. The first reference in the text to the literature should have the number [1], the second - [2], etc. The reference to the book in the main part of the article should be accompanied by an indication of the pages used (for example, [1, 45 pg.]). References to unpublished works are not allowed. References to non-licensed publications are not allowed.

4) results/discussion: analysis and discussion of the study resultsare presented.

5) conclusion: synthesis and summary of the work at that stage; confirmation of the truth of the allegation made by the author. The conclusions should be used to summarize the results of the study in a particular scientific field, with a description of proposals or opportunities for further work. Information about financial support for research is indicated on the first page in the form of a footnote.

6) list of literature*(size - 11):* The list of literature is presented in alphabetical order, and only those works that are quoted in the text. If the list of literature contains works presented in Cyrillic, it is necessary to present the list of literature in two versions: the first as in the original,

the second in the Romanized alphabet (transliteration). (The number of used literatures must be at least – 15)

The Romanized list of literature should look like the following: author (s) (transliteration) → (year in parentheses) → title of the articles in transliterated version [translation of the article name into English in square brackets], the name of the Russian-language source (transliteration, or the English name - if any), output data with symbols in English.
